

Story Problems: Variations (page 1 of 2)

Write an equation. Solve the problem.

Show your work.

1. Sally had 39 soccer stickers. She gave 13 of them to her brother. How many soccer stickers does Sally have now?

2. Franco had 48 pennies. He spent 39 on a stamp to mail a letter. How many pennies does he have left?

Story Problems: Variations (page 2 of 2)

- 3.** Kira and Jake were playing *Cover Up* with 33 counters. Kira hid some of the counters. If 18 were showing, how many counters did Kira hide?

- 4.** There were 32 grapes in a bowl. Jake ate 25 of them. How many grapes were left?
